

## **TRANSPORT**

### **Car Parking & Access:**

As the school is located in a quiet suburban area parking can be difficult at times and parents are encouraged to walk with their children when they can. During school hours the best parking choices are in the Church carpark, behind Wyndham Road shopping complex and on Wyndham Road. Please take note of any sign-posted parking restrictions or zones and be considerate of residents and the businesses in the shopping complex.

The "Kiss and Drop" Zone located outside our Early Years Learning Centre (EYC) can be used each morning and afternoon. During the morning drop off please be mindful of students and families walking into the school grounds. If you wish to use this service for the afternoon pickup, enquire at the school office for a "Kiss and Drop" sign to be used in your vehicle. Gates open at 3.00 pm in the afternoon, please do not line up along the street as this prevents normal traffic using Wyndham Road.

Students wait inside the school grounds, at the EYC, until your car is parked in the designated area, then they walk out to meet you. If your child is not waiting for you, please exit the zone and return after a few minutes in order to prevent a back-up of traffic.

### **Travelling to and from School:**

Bus travel is available to all students using Metro services and Cresswells for the Brighton run. Bus monitors accompany the students to the bus stop in Wyndham Road closest to Westfield Street. Students must be mindful of their behaviour at all times while using bus services. Enquire at the School Office for further information.

### **Wyndham Road Crossing**

Children and their families must use the crossing in Wyndham Road. A crossing guard is on duty each morning and afternoon. Please observe the road rules.
